CLEARANCE AND CERTIFICATIONS

CURRENT TS/SCI CLEARANCE (*Full-Scope Polygraph*) PR Date: March 2010

PROFESSIONAL EXPERIENCE

BOOZ ALLEN HAMILTON, Charlottesville, VA

2009 – Present

Signals Intelligence Analyst

- Manage communication signals intelligence research and analysis for \$12M government contract, producing tactical and operational SIGINT products related to insurgent activities and threats to regional stability within area of responsibility.
- Evaluate and interpret 50+ SIGINT records, operator logs, formats, technical reports, and graphic reproductions on a weekly basis to determine internal characteristics of signals as well as to discern communications structures and usage.
- Brief Intelligence Director as critical situations and unusual activities transpire, ensuring accurate and timely reporting of selected urgent transmissions.
- Perform thorough review and analysis of SIGINT to identify signals, detect abnormalities, and ensure signal exploitation activities conducted in full support of operational requirements and national interests.
- Maintain database of signal types and activities, ensuring metadata, query, data restructuring, and signals development adhere to Department of Defense standards.
- Generate weekly reports incorporating intelligence information to disseminate to 40+ military and civilian units within area of responsibility.

UNITED STATES ARMY, Fort Drum, NY and Kandahar, Afghanistan

2003 – 2009

Signals Intelligence Platoon Sergeant (2007 – 2009)

- Selected as Senior SIGINT Analysis Trainer for 3rd Brigade Combat Team, 10th Mountain Division and served as liaison to 12 military and Department of Defense Regional Command civilian analysts.
- Oversaw SIGINT training of 500+ battalion personnel, creating in-depth structured training plan and developing real-world scenarios for processing, analysis, and reporting of tactical SIGINT.

1234 Any Street, Charlottesville, VA 22901 ■ Cell: (123) 456-7890 ■ cwilson@email.com

- Conducted raw and fused SIGINT data analysis of insurgents directly linked to acquisition, production, transportation, and employment of improvised explosive devices (IEDs).
- Created standard operating procedures to structure and standardize SIGINT operation and analysis within platoon, gearing up for deployment to combat theater.
- Tracked and reported personnel status and movement of 105 personnel across four different locations during twelve-month deployment to Afghanistan.

UNITED STATES ARMY, CONT'D

Signal Support Systems Specialist (2003 – 2006)

- Installed and provided technical troubleshooting of signal support equipment and systems for brigade consisting of 10K+ personnel.
- Recognized reportable intelligence data by analyzing, comparing, and categorizing 1.5K+ messages during two deployments to Afghanistan totaling 25 months in length.
- Compiled, edited, and distributed technical intelligence reports on a weekly basis for review by senior brigade personnel.
- Provided timely information about regional events during both deployments to give early warnings of possible attack on coalition forces.
- Oversaw physical security of classified material and facility while in combat zones.
- Completed six-month basic combat training and advanced individual training in Fort Jackson, SC and Fort Gordon, GA.
